NEW WHIZ 2.0 BI-DIRECTIONAL

A TRANSFORMATIVE NEW ADDITION

The Whiz 2.0 Bi-directional embodies architectural lighting excellence, building on the Whiz series' reputation for high performance and sophisticated design. This version introduces a **new powerful, expressive indirect uplight**, expanding the luminaire's versatility and elevating the potential for creative lighting solutions and aesthetic appeal.

- Direct & Indirect light combined delivers up to 48,750 lumens
- Archi-Color™ dynamic colors and white light combinations
- Control downlight and uplight separately with advanced dimming options
